The suspect paid for the plant and walked out of the store. The loss prevention agent stopped the suspect and asked him to relinquish the stolen merchandise, valued at approximately \$260. The suspect said he did not have any items. The suspect pushed the loss prevention agent out of his way so that he could leave with the stolen items. The suspect fled towards **John Daly Boulevard**. Two suspects left the scene; however, loss prevention was able to detain one suspect. The stolen perfume is valued at approximately \$2,046. Loss prevention recovered approximately \$796 of the \$2,046 worth of perfume that was stolen. Charges will be filed on the detained suspect for robbery and conspiracy to commit a crime. Nextdoor.com

Nextdoor.com is a free private social networking website for your neighborhood. This private network ensures that only those who live in your neighborhood can join; users must go through a verification process. Neighbors ask each other for business recommendations; help in locating missing pets; discuss relevant local government issues; or connect for other reasons. It is very easy to sign up. I like the fact that the site verifies users by addresses, and it won't allow people to access a neighborhood if they don't live there. Please note: The City of Daly City and/or the Police Department cannot see what residents post—we are only allowed to post information. There is also a mobile application, or you can have it sent to your e-mail. Give it a try! www.nextdoor.com
